OBJECTIVE:

With a strong background in MEAN/MERN stack development and hands-on experience in AWS serverless architecture, CI/CD pipelines, and Lambda functions, I am enthusiastic about exploring new career prospects. I bring a proven track record of crafting effective and scalable solutions and am eager to contribute my skills to a collaborative team focused on innovative web development.

PROFESSIONAL SKILLS:

- 2.6+ Years of Experience in the Development, Deployment of Web Application using Angular & NodeJS
- Currently Associated with Floatinity Systems LLP as a Software Developer
- Hands on Experience with Rest Web Service, Mongo, Angular 8 to 12, NodeJS, ExpressJS, NestJS, ReactJs, AWS Lambda, Serverless, Mongoose, CSS3, HTML5
- Experience in Software Testing, Integration Testing and defect tracking and management Using JIRA
- Excellent written and verbal Communication skills, presentation and problem solving skills.
- Experience in modeling solutions for applications by following agile practices
- Experience in developing Web services using REST
- Good experience in all the phases of SDLC including requirement gathering, analysis, design, implementation, deployment, deployment and support.
- Development as well as production support experience of web applications.
- Hands on experience Nginx and Tomcat web servers.

Technologies	Angular, JavaScript, JQuery, Node, Express, Mongoose, AWS Lambda
Framework	Angular 8 to 12, ExpressJs, NestJS, Mongoose, React
Databases	MySQL, MSSQL, MongoDB
Servers	Nginx, Tomcat
Build Technologies	NPM, Serverless
IDE	VS Code, Visual Code, Eclips
Cloud Platform	AWS
Project Management Tools	JIRA, Bitbucket, GitHub, GitHub Dekstop
Libraries	Angular material, ChartJs , KonvaJs, Kendo-Angular, React-Konva

WORK EXPERIENCE:

Project	ElecDraw
Role	MERN Stack developer
Team Size	5
Description	Elecdraw is web Application, the revolutionary web app that is set to transform the electrical diagram and schematic creation industry.
My Contribution	<ul style="list-style-type: none">• Requirement Analysis.• Integrated AWS CI/CD pipeline for Frontend and Backend Project• Serverless Setup and Management with AWS Lambda• Design/ develop modules and integrate them with core application.• Delivering the project as per scheduled deadlines.
Technology Used	NodeJS, Rest Web Service, React , AWS Serverless, React-Konva
Tools	Visual Code , chatGPT, github Dekstop
Environment	AWS Serverless, Windows

Project	VertoFx - Fintech
Role	NodeJS + Angular Developer
Team Size	12
Description	VertoFx is a global financial technology firm that enables businesses of all sizes to access enterprise grade cross-border payments, FX and banking solutions via its advanced platform or API. Businesses can accept payments and send payouts globally in one single platform. Verto seamlessly connects any business, anywhere.
My Contribution	<ul style="list-style-type: none">• Part of UI/UX design team• Design/ develop modules and integrate them with core application.• Delivering the project as per scheduled deadlines.
Technology Used	Angular 12, Angular Material, CSS, HTML, NodeJS
Tools	Visual Code, chatGPT, github
Environment	Windows, Serverless

Project	Compex Legal Services, Inc.
Role	Angular Developer
Team Size	10
Description	Compex Legal Services is an record retrieval portal used by lawyers and insurance companies. Easy-to-use interface streamlines the process of placing and receiving orders and summaries, end-to-end
My Contribution	<ul style="list-style-type: none"> • Requirement Analysis and Estimation • Design/ develop modules and integrate them with core application. • Leading team for smooth progress of project • Delivering the project as per scheduled deadlines.
Technology Used	Angular 7, Kendo-angular, MS-SQL, .NET MVC
Tools	Visual Studio, SVN
Environment	Windows

Project	Energy Management System - IoT Product
Role	NodeJS + Angular Developer
Team Size	3
Description	It is been observed that Energy Data is immensely important for the manufacturing industry. Monitor cost of Energy consumption is essential part now a day. So we have developed an IoT product to monitor all the energy parameters coming from the meter. EMS is web-based application where we collect all the data coming from Energy Meter & developed a dashboard to represent data in a graphical and table format. One can access that data from remote location and accessible for the history of all parameters.
My Contribution	<ul style="list-style-type: none"> • Requirement Analysis • Design/ develop modules and integrate them with core application. • Establishing communication between energy meter and node • Delivering the project as per scheduled deadlines.
Technology Used	Angular 9, Angular Material, MongoDB, HTML5, CSS3, Node Nest JS, MQTT
Tools	Visual Code, HiveMQ
Environment	Windows, Heroku

Project	Quality Dashboard - Carraro India
Role	Angular Developer
Team Size	3
Description	CID dashboard is a web application which collects the Gauteng data from electronic devices and perform the SPC analysis over that data. This web application is accessed from 53 Inch Android Television Set mounted on the shop floor.
My Contribution	<ul style="list-style-type: none"> • Requirement Analysis. • Design/ develop modules and integrate them with core application. • Delivering the project as per scheduled deadlines.
Technology Used	Angular 8, Core Java, Rest Web Service, Servlet, Spring, Hibernate, MySQL
Tools	Visual Code ,Eclipse, Maven, Dbeaver,
Environment	Jetty, Tomcat, Windows, Linux

EDUCATIONAL DETAILS:

GRADUATION	SCHOOL/UNIVERSITY	PASSING YEAR	PERCENTAGE	Grade
MCA	BAMU University	2021	8.27 CGPA	A++
BSc (Mathematics)	Amravati University	2018	68.09 %	A
HSC (Science)	Maharashtra State Board of Secondary and Higher Secondary Education, Amravati	2015	71.8 %	A
SSC (Science)	Maharashtra State Board of Secondary and Higher Secondary Education, Amravati	2013	79.62 %	A

PERSONAL DETAILS:

Date of Birth	19 th Aug 1997
Permanent Address	Pusad, Dist. - Yavatmal
Current Address	Talegaon Dabhade, Taluka - Maval Dist. - Pune (410507)
Gender	Female
Marital status	Single
Nationality	Indian
Language	English, Hindi, Marathi and Marwadi

DECLARATION:

I hereby declare the above information is true and fair to best of my knowledge.
