SUMMARY

With a decade of software development experience, I have successfully led the design, Coding, and implementation of various software programs using .Net Core (Blazor), API, SSRS, Javascript, JQuery, Asp.Net (C#), DevExpress v17.1, VB.Net, WCF, Web Service, Crystal Reports, SQL Server 2017, PL/SQL and Ado.Net. I have a solid grasp of the Software Development Life Cycle (SDLC). I have delivered robust, highly scalable and multi-tier applications and ensured all projects met the company specifications and deadlines. I enjoy working with diverse teams and clients across different domains and industries. I am always eager to learn new technologies and improve my existing skills.
