OBJECTIVE

To secure a Software Developer position where I can apply my 2 years of experience in SOFTWARE DEVELOPMENT to create robust applications. Committed to collaborating with cross-functional teams and utilizing my strong analytical abilities to contribute to the success of challenging projects.

WORK EXPERIENCE

Software Developer

Elevado Softwares Private Limited

01/07/2021 - 12/08/2023

Projects :

- **Victoria :**
Victoria is a task management app and a digital solution designed to streamline organization and productivity. It enables users to create tasks, set due dates, assign responsibilities, and track progress in a centralized platform. With features like priority levels, collaboration tools (eg. Chat), and notifications, it enhances efficiency and communication within teams.
- **Madura Furniture :**
The Furniture Shop app is designed for shop owners to efficiently manage their operations. This app simplifies order processing, allowing owners to receive, organize, and track customer orders seamlessly. With integrated delivery tracking, owners can monitor the status of deliveries. Additionally, the app features an expense tracking module.
- **Stratos :**
The Delivery Service app offers a fast and efficient solution for shipping goods via flights. With a user-friendly interface, customers can easily schedule shipments, track their packages in real-time as they travel by air. From instant booking to precise tracking, the Delivery Service app ensures reliable and expedited shipment deliveries through air travel.
- **GTSA :**
Glacier Technology Software Academy is an app to maintain records on student and the management to teach coding. This app has multiple logins (Admin, Trainer, Marketing Person, Student). All the features of the app is to maintain all the records on the software academy.

ACHIEVEMENTS

- Awarded as "Raising star of the year" by Elevado Softwares in recognition of improvement in achieving a better standards performance.
