Apr 2022 to May 2023

Project Engineer at Wipro

- During my tenure at Wipro, I had the privilege of starting my career and receiving comprehensive training in Core Java and Spring Boot. This foundational experience was instrumental in shaping my skills and knowledge as a software engineer.

Projects

- **Customer Account Tracker** (Spring Boot, H2 DB, HTML, CSS) for customer info and transactions, **Flowers-Online** (Spring Boot backend, ReactJS frontend) for online flower shopping.

EDUCATION

Bachelor Of Engineering(Computer Science) 2022
