

## PRECISE

- ☐ 3.6 years of experience in IT Executive ,Manual Testing, Implementation of application software in Web-based environment, Client/Server support and testing the applications using **Java, SQL and PLSQL** technologies.
- ☐ working with Development ,preparing individually and co-ordinating test cases preparation and test plan preparation with team.
- ☐ Understanding of different testing types: regression, integration, performance, black-box, white-box testing.
- ☐ Testing experience within an Agile environment. Currently the group is undergoing an AgileTransformation.
- ☐ Experience in full system product life cycle ( **Deployment Support and Testing**) usingAgile and **water fall** methodologies.
- ☐ Developed front-end layer using **HTML** .
- ☐ Experienced with IDEs such as **Eclipse**.
- ☐ Strong experience in working with Relational Databases like MySQL, SQL Server and proficiency in writing complex SQL.
- ☐ Perform functional and technical test execution activities level in the project.
- ☐ Good Knowledge in Both Manual and Selenium Automation Testing in Web Driver Applications.
- ☐ Working on installation of printer drivers and Networking and also knowledge based onCentos7 (windows Linux) commands.
- ☐ Worked with development regarding fixing the issues and through telecom andintimated to particular client locations.
- ☐ Experience in executing test cases to test the application functionality against therequirements manually.
- ☐ Provide exploratory testing for the systems
- ☐ Independently analyzes issues, recommends software changes and writes detailed bug reports. Creates and maintains ownership of test cases and test results throughout STLC.
- ☐ Excellent problem solving and communication.
- ☐ Independently analyses issues, recommends software changes and writes detailed bug reports. Creates and maintains ownership of test cases and test results throughout STLC.
- ☐ Experience in Data driven Testing, Cross browser testing and Parallel Test execution using Selenium WebDriver, TestNG

- ☐ Good Knowledge on Selenium automation Tool which includes –Selenium Web Driver.
- ☐ Good Knowledge on Page Object Model, and Data Driven framework.

## TECHNICAL SKILLS

|                          |   |
|--------------------------|---|
| ❖ Programming Languages: | C, LINUX, JAVA(Basic)                         |
| ❖ Tools :                | Atlassian JIRA, Selenium, MS-Excel, MS-Office |
| ❖ Operating Systems :    | Windows and Linux                             |
| ❖ Databases :            | SQL Server                                    |
| ❖ CI and VC Tools :      | GIT, JENKINS                                  |
| ❖ Testing Framework :    | Selenium                                      |
| ❖ Technical Skills :     | Automation & Manual                           |

## AWARDS & RECOGNITION

- ☐ **Clients** : Mahendra Mithaiwala , Swagruha foods, Sarvani Sweets, Kotaiah kaja
- ☐ **Awards received** : Work with development team on regards of trouble shooting the issues at client location(Client comforter Award)
- ☐ Appericiating application installation and explaining the product at client location at srikakulam .

## EDUCATIONAL QUALIFICATIONS

### **ISTS WOMEN'S ENGINEERING COLLEGE**

(June 2014 – May 2017)

Completed my Bachelor of Technology in Electronics and Communication Engineering.

### **GOVERNMENT POLYTECHNIC COLLEGE**

(June 2011 – May 2014)

Completed my Diploma of Technology in Electronics and Communication Engineering.

### **GURAJADA PUBLIC SCHOOL**

(March 2011)

Completed my School Education

## PROJECT EXPERIENCE

### **Project - 2:**

**Software Tester -Jan 2022- SEP 2022**

**Client** : TATA CONSULTANCY SERVICES  
**Project** : Ahold (Cyber Ark)  
**Team Size** : 4 Members  
**Role** : Team Member

### **Description:**

The purpose of the project privileged access account managed by Cyber Ark Tool and also safe account managed by active directory. Each account /user managing the password it is secure for the users.

### **Roles and Responsibilities:**

- ❖ Involved in production deployment activities and post production support.
- ❖ Deploying the application for UAT and Production environments
- ❖ Involved in client meetings for better understanding client requirements.
- ❖ Attending scrum calls daily to provide the updates on current task.
- ❖ Preparing the test cases.
- ❖ Involved in scrum meetings.
- ❖ Participate in team meets and informing for project status.
- ❖ Involved in mobile testing includes app testing, test automation for web application.
- ❖ we are worked on Agile methodology which we have 2 weeks a sprint. Once the sprint planning is done will be assigned few of the user stories.
- ❖ I will be analysing the requirements and preparing test scenarios/Test cases and will assign the issues to development team and the same is uploaded in JIRA Tool.

**Software Tester - Oct 2021 -Dec2022**

**Client** : TATA CONSULTANCY SERVICES  
**Project** : Dot com (Markers and Spencer's )  
**Team Size** : 3 Members  
**Role** : Team Member

**Description:**

The purpose of the the project mainly focusses on header & Footer links of Navigation page in Markers and Spencer's .

**Roles and Responsibilities:**

- ❖ According to the user requirement we will design the Test cases and that will be reviewed by development Team.
- ❖ After confirmation from Development Team, we will execute same test cases in Acceptance Environment.
- ❖ After executing the test cases and we will upload in Backlog and creates a folder.
- ❖ We are worked on Agile methodology which we have 2 weeks a sprint.
- ❖ Experience in Integration, Regression and Functional Testing.

**Project - 1:**

**Project Name** : Point Of Sale  
**Client** : SARVANI SWEETS  
**Team Size** : 4 Members  
**Role** : Team Member

**Description:**

The purpose of the project is to provide an ERP system for Food and Retail Industry. It's a whole retail package that consists of POS Module, CRM Module, Inventory Module, KOT (Kitchen OrderTable), Restaurant Module, HRMS Modules.

**Roles and Responsibilities:**

- ❖ Write and execute test cases.
- ❖ Maintaining in an excel for import and export (windows & linux) databases and issues in Ticketing Support system.
