## WORK EXPERIENCE

### Xpheno Pvt Ltd

Oct. 2021 – Present

*Talent Acquisition Specialist*

*Pune, MH*

- Xpheno is a talent outsourcing firm which has client across banking, information technology, and data analytics domains
- As part of my roles and responsibilities, I have
  - successfully fulfilled niche skills hiring within timelines for clients like E&Y, Mercedes, Litera, Colgate-Pamolive, DNV, ASM technologies, Morgan Stanley
  - recruited laterals for ramping up of major accounts (hired about 25 members in incubation period)

---

## EDUCATION / TRAININGS

### JSpiders: Java Training Institute (Bengaluru, KA)

Oct. 2020 -Mar. 2021

- Trained over the period of 6 months on
  - System Analysis, Designing & Developing Custom Application based upon business requirements
  - Method Overloading and Method Overriding
  - Static and non-static methods
  - Encapsulation, Inheritance, Polymorphism and Abstraction
  - Abstract class and Interface
- A part of training was devoted on SQL and exposed to
  - RDBMS concepts.
  - SQL statements like DDL, DML, DQL etc.

### Vaishnavi Institute of Technology and Science

2015 -2020

*B.E in Computer Science & Engineering*

### JOBPOOL (B.E Project)

- Developed a web-based portal for Training and Placement (T&P) department
  - Functionalities of portal includes resume upload, hosting the JDs, other criteria, interview schedule and results
  - Increase the efficiency of the T&P dept. in hosting the recruitment drives by providing a common platform for all three stakeholders, companies, T&P dept and students

### MOMENTUM (Eka)

Apr-Sep 2021

- Developed an interactive platform where users can add a new blog, edit them, and view other blogs published on the platform
- This was built for analytics driven service firm to facilitate interactions between the recruited respondents to evaluate market perceptions and enable the functionality of sponsor to intervene and get the required inputs

---
