## PROFILE

Greetings, I'm Marmik, a dynamic self-employed interior and 3D designer with a strong commitment to excellence. Based in Bhuj, Gujarat, I embarked on my educational journey in 2013 with SSC and in 2015, passing HSC. I then continued to pursue B.Com from August 2015 before pivoting my path in March 2017 due to my vision impairment disability. Throughout my career, I've embraced diverse roles that have shaped me into a well-rounded professional.

In August 2017, I embraced the role of a Sales Associate in fashion retail until April 2018. Following that, I served as a Gallery Executive from June to December 2019, where I thrived on engaging with clients and providing exceptional service. I've maintained a relentless commitment to sharpening my communication skills and adapting to new environments. Despite the challenges posed by the pandemic, I persevered through multiple eye surgeries from February to August 2021, which marked a significant phase in my career. This period, from 2020 to 2022, allowed me to focus on my health and personal growth, ultimately shaping my journey towards July 2022 which marked a pivotal moment as I launched my self-employed journey, learning and specializing in interior and 3D design. I honed my skills through an interior design internship from February to July 2023. While my focus shifted, my passion for meaningful interactions remained unwavering. I cherish the experiences I've had and the lessons learned from my previous roles, which underscore my dedication to customer-centric engagement.

Embracing challenges, my unique blend of enthusiasm, attention to detail, organizational skills, assertiveness, authenticity, open-mindedness, empathy, clarity, and listening informs every endeavor. A fast learner, I approach training with motivation, and my dependability shines through in managing multiple priorities with a proactive and optimistic attitude, Let's connect and leverage these qualities for exceptional results.
