- Design, develop, implement, and maintain java application phases, code, and software.
- Conduct software analysis, programming, testing, and debugging, as well as recommending changes to improve the established processes.
- Worked on Core java, database management, NetBeans and created projects.

PROJECTS

1. Name : Namma Yatri

Working at : Juspay Technologies

Description :

Namma Yatri is India's first open mobility auto-booking application. It is an open platform to connect riders with drivers. The app makes it convenient for riders to book a ride with meter rate hence minimal fare.

-
2. **Name:** Hotel Management System
Completed at: Broad Vision Technologies

Description:

The requirement in this project was to automate the day-to-day activities of a Hotel. The application was built using Java and enabled me to gain a deep understanding of OOPs design concepts and back-end Database Connectivity.

3. **Name:** Property Management System
Completed at: Broad Vision Technologies

Description:

The main requirement of this project was to automate the management of properties. This application was built using Net beans and helped me sharpen my system analysis and system design skills, while reinforcing the importance of user-centric design and end user experience.

4. **Name:** INEY.GeneralAutomailer
Completed at: Ernst and Young

Description:

The main objective of the project was to make templates for particular user so that they can mail easily and it would be time saving for the EY employees, using MVC in .net development using SMTP server.

EXTRA CURRICULAR ACTIVITIES

- Volunteer for IYM – initiative taken by Leaders for Tomorrow (LFT) for teaching the underprivileged children studying in government schools. LFT is a not for profit organisation which focuses on building up skills of college students to become leaders for their country.
- Member of the GTBIT core team of LFT and participated in various certified events.
- Event coordinator in the inter-college debate event organised by GTBIT during fests.
- Working as a food blogger on Instagram.

PERSONAL DETAILS

- Languages Known: Hindi, English, basic French
- Hobbies: Swimming, Taekwondo
