Degree	Institute	%/CGPA Pass Out Year
B.Tech	TNAU, Coimbatore, TN	86.60 (2016)
XII	Vikas Vidyalaya, Tirupur, TN	92.42 (2012)
X	Vikas Vidyalaya, Tirupur, TN	90.80 (2010)

## Project Synopsis

### Project #1: (July 2022 - Present)

- **Title** : DHL
- **Application** : Web Based Application
- **Testing Approach** : Manual Testing
- **Testing Tool** : qTest Manager(Defect Logging and Test cases repository), MySQL Workbench(DB Testing)
- **Description** : DHL is a customized form of iCargo (Digital platform for Cargo). It has multiple modules starting from booking to revenue management covering the end to end process flow for the shipments. It also involves multiple external systems communicating with it.

**Project #2:(June 2021- June 2022)**

- **Title** : ABC(Air Bridge Cargo)
- **Application** : Web Based Application
- **Testing Approach** : Manual Testing
- **Testing Tool** : Jira(Defect Logging), MySQL Workbench(DB Testing), iTest Manager(Test cases repository)
- **Description** : ABC is a customized form of iCargo (Digital platform for Cargo). It has multiple modules starting from booking to revenue management covering the end to end process flow for the shipments.

**Project #3:(February 2019 - March 2021)**

- **Title** : emFinance
- **Application** : Web Based Application(Java)
- **Testing Approach** : Manual Testing
- **Testing Tool** : Selenium IDE, Postman(API Testing), MySQL Workbench(DB Testing), Tally.ERP 9, JMeter(Performance Testing).
- **Description** : emFinance is a web based application. This is an internal product for invoice generation. All the invoices that are generated by other products too, land in this application. Other applications communicate with emFinance via API. Also, the records from tally too, land in emFinance. Currently, **eInvoicing** has been implemented which uses API for IRN and QR code generation.

**Project #4: (December 2019 - February 2020)**

- **Title** : Bluesky
- **Application** : Web Based Application(Java)
- **Testing Approach** : Manual Testing
- **Testing Tool** : Selenium IDE
- **Description** : Bluesky is a web based application. This is an internal product for invoice generation and inventory tracking.

**Project #5: (February 2019 - March 2021)**

- **Title** : Taxsmile
- **Application** : Web Based Application(Java)
- **Testing Approach** : Manual Testing
- **Testing Tool** : Beyond Compare(XML comparison), Java Utility.
- **Description** : Taxsmile is an Income Tax filing portal where one can file either ITR1 or ITR2. Currently, Taxsmile supports only ITR1.

**Project #6: (June 2020 - March 2021)**

- **Title** : Taxsmile Gateway
- **Application** : Web Based Application(Java)
- **Testing Approach** : Manual Testing
- **Description** : Taxsmile Gateway is a web based application that supports both single e-Filing and multiple e-Filing. Especially designed for Chartered Accountants.

**Project #7: (October 2019)**

- **Title** : emBridge
- **Application** : Web Based Application(Java)
- **Testing Approach** : Manual Testing
- **Testing Tool** : SHA 256 encryption.
- **Description** : emBridge is an internal tool that is developed for digital signing of invoice pdf. Both single and bulk signing can be done using this tool. emBridge is consumed via API by other applications. It uses encrypted request/response on a secure channel. It enables web applications to interact easily with signature certificates stored in USB crypto tokens.

## Skills & Abilities

- Test Automation Tools : Knowledge of selenium with Java, Selenium IDE.
- Programming Languages : Java(Intermediate level), HTML, CSS, SQL, XML.
