Bachelor's Degree qualified, As an Electrical Engineer with 5 Years experience principally in online monitoring system for CEMS analyzers. Have knowledge of Troubleshooting of analysers and connectivity issue to the server. Familiar with data connectivity on pollution board (CPCB, HSPCB, PPCB etc.)

## BASIC ACADEMIC CREDENTIALS

Qualification	Board/University	Year	Percentage
B.Tech (Electrical & Electronics Engineering)	Sathyabama University Chennai, Tamil Nadu	2015	60
Diploma(Electronics & Communication Engineering)	SRM Polytechnic College Chennai, Tamil Nadu	2012	79
High School	Crescent Public School Bokaro Steel City, Jharkhand	2009	72

## ORGANIZATION EXPERIENCE

**Working full time with Envirozone Instruments & Equipment's Pvt. Ltd. as Technical Support Engineer (July 2018 – till date).**

**Envirozone Instruments & Equipment's Pvt. Ltd.** is one of the leading service providers for the study of EIA (Environmental Impact Assessment) for large and medium scale industrial units. It manufactures and fabricate effluent treat plant, sewage treat plant, all kinds of emission control systems, Dust collectors for granule wastage units, spent acid treatments systems and undertake operation and maintenance of all pollution control divides and system across various industries as hotels, farmhouses, automobiles service stations, utensils, ice cream manufacturers utensils etc.

**Previously worked with M/s System Infrsolutions Pvt. Ltd. as Quality Control Engineer (June 2016 to May 2018).**

### **Company Profile:**

M/s System Infra Solutions Private Limited (SISPL) having manufacturing facility 8000 Square feet for Telecom products. SISPL also has a very strong team to provide services & solutions impacting the communications world. Our culture of continuous innovation in our products and solutions has been instrumental in generating value to our customers. SISPL manufactures Telecom Equipment like AMF Controller, AMF Panel, DC Energy Meter, Dual

DG Panel, Free Cooling Unit and similar products. SISPL is established in the telecom sector since October 2000 with vision of becoming an end-to-end cost-effective Infrastructure Support Partner (ISP) to the Telecom Industry.

## ACCOUNTABILITIES

Works on OCEMS analysers (ETP,STP,GAS,PM) & Camera connectivity.

- Online connectivity on servers
- Configurations with data loggers
- Direct contact with clients to resolve the online monitoring connectivity issue
- LAN configuration
- Troubleshooting of analysers and connectivity issue
- Documentations of CPCB & SPCB connectivity (meta sheets, Pre deployment checklist, Ocems sheet)

## EXPERIENTIAL LEARNING (SUMMER & WINTER INTERNSHIP PROGRAM)

Done Industrial training at:-

**BOKARO STEEL PLANT**, Bokaro Steel City Jharkhand in the month of **May 2013**. **Duration-** 01 month

**CHANDRAPURA THERMAL POWER STATION** Bokaro, Jharkhand in the month of **Dec. 2013**. (Overall Plant Review). **Duration-** 01 month

## ACADEMICS PROJECTS UNDERTAKEN

### Final Year Project-

**Aim:** Reactive Power Control by using FACTS devices (by using UPFC AND HPFC MAT Lab Coding).

### Diploma final year Project-

**Aim:** Wireless Mobile Charger.

## IT PROFICIENCY & SOFTWARE SKILLS

- ❖ Microsoft Office
- ❖ Modbus
- ❖ RS485

## SKILLS & COMPETENCE

- ❖ An effective communication with project and other disciplines within the organization.
- ❖ Prioritize and Execute Tasks as per Project Schedule.
- ❖ Appreciates the importance of team work and have the ability to work individually.
- ❖ Enthusiastic, creative and willing to assume challenging responsibilities.

## PERSONAL DETAILS

- ❖ **Father's Name** :- Mr. Binay Kumar
- ❖ **Permanent Address** :- Yaduvansh Nagar, Telidih More, Chas, Bokaro Steel City
- ❖ **Date of Birth** :- 15<sup>th</sup> Feb, 1994
- ❖ **Language Known** :- English & Hindi
- ❖ **Marital Status** :- Married
- ❖ **Nationality/Religion** :- Indian / Hindu
