## Contact

### Phone

9545992592

### Email

sakshibhilegaonkar234@gmail.com

### Address

Bank, colony ,Majalgaon Dist. Beed

## Education

2022

### B.Tech IT

G.H.Raisoni College Of Engineering & Management ,Pune

2019

### Diploma in Computer Engineering

Puranmal Lahoti Govt. Polytechnic ,Latur

## Skills

- Java
- Spring Boot
- REST APIs
- JPA
- Object-Oriented Programming
- MYSQL

## Certification

- Certified in JAVA from ISOFT institute
- Certified in C++ from Digitise technology institute

## Language

English

Hindi

## Experience

### 2022-2023

Clayfin Technologies pvt ltd ,kotivakkam, chennai

### Software Developer

HANDS ON EXPERIENCE:

- Hands on REST APIs using Spring Boot
- Hands on working with JSON data structures for efficient data transfer
- Hands on Oracle Database with designing & optimizing complex queries
- Hands on JMS with one to one server
- Hands on JPA handling
- Hands on GITLAB, POSTMAN
- Hands on Data Modeling

### 2021-2022

Phoenixgen Systems pvt ltd

### software developer intern

HANDS ON EXPERIENCE:

- Having hands on experience on HyperText Markup Language(HTML)
- Hands on experience on Cascading style sheet(css)

## Projects

1] **Title:** Personal Finance Management

**Duration:** 3 Months

**Description:** Project is about maintaining users accounts transaction data and giving opportunities to let user invest or spend money in suggested expense or income fields

**Technical implementations:** REST APIs, POSTMAN TOOL, Nested Query implementation, Data storing

2] **Title:** Alumni information portal

**Duration:** 3 Months

**Description:** Project is about maintaining a records of both alumni and current students of institute and organisations data .

**Technical implementations:** Java8, Spring MVC, JSon implementation, Data Management

## Summary of experience

- Working as software developer with over 1 year of experience in Java and Spring Boot.
- Proficient in designing and implementing RESTful APIs, optimizing database queries, and delivering innovative software solutions.
- Worked on enhancing API performance, optimizing large APIs time to load response, and collaborating effectively in cross-functional teams and committed to delivering high-quality code that exceeds client expectations.
