Cgpa - 88.2

PROJECTS

Online Art Shop (CURD) — Build using Python and SQL

Developed and implemented an online art shop using Python, incorporating CRUD (Creat, Read, Update, Delete) operations to manage art listings and facilitate user interactions.

Weather App — Build using HTML, CSS and Javascript

Developed a dynamic weather application using JavaScript and OpenWeatherMap API, enabling real-time weather updates with seamless location changes and an aesthetically pleasing user interface.

File Sharing App — Build using HTML, CSS and Javascript

Developed and implemented a secure file-sharing application using JavaScript and the Virgil Crypto Library, enabling encrypted file storage, seamless downloads, decryption, and media file viewing capabilities.

SKILLS

C Programming
Python Programming
Sql Programming
Git and github
Web Development
AWS

ADDITIONAL

Prepinsta certified Python Developer

Typewriting certificate in english higher

SOFT SKILLS

Communication
Problem Solving
Adaptability
Attention to details

LANGUAGES

English, Tamil

HOBBIES

Drawing, Non-Friction Books
