Education

2016-07 - 2020-11	BEMechanical Engineering <i>University College of Engineering - Anna</i> Completed with 7.01 cgpa
2015-06 - 2016-03	HSC <i>SRM HR SEC SCHOOL - MARAKKANAM</i> Completed with 66.5%
2013-06 - 2014-04	SSLC <i>SRM HR SEC SCHOOL - MARAKKANAM</i> Completed with 65.8%

Certifications

2022-10	Certificate of Completion in Java Selenium
---------	--

Professionals Skills

- Test plan creation
- Manual test case preparation
- Test implementation
- Defect monitoring
- Bug reporting
- Cross platform testing
- Root cause analysis
- Corrective and preventive actions
- selenium automation testing
- Documentation skills

Tools

- JIRA
- Redmine
- Postman API

Framework

- J UNIT
 - TESTING
 - CUCUMBER
 - MAVEN
-

Accomplishments

Project 1: Exhaust Manifold using CFD

Synopsis : Methodology is developed to ensure the best suited design and material for exhaust manifold using CFD

Project 2: Manifold optimization of an IC Engine by using CFD analysis

Project Synopsis : Exhaust manifold is one of the most critical components of an IC Engine. The designing of exhaust manifold is a complex procedure and is dependent on many parameters viz. back pressure, exhaust velocity, mechanical efficiency etc.

Experience

2021-04 -
Current

Geo-Chem of India

- Analyze business requirements properly.
 - Executed reporting on time
 - Created report regarding business requirements
 - Properly executed Microsoft in reporting.
-

Personal traits

- Easy to work in team as well as individual
 - Quick learner in any new technologies
 - Comfortable to work in any shifts
 - Committed to company's success
-

Declaration

- I hereby declare all the details furnished above are the true to the best of my knowledge.
