Hello

Respected Sir/Madam,

I'd like to apply for the role of Graphic Designer at [Company Name], which I saw advertised on LinkedIn. As a Graphic Design Specialist with 7+ years of experience, I find joy in using images to communicate creatively to a target audience, while working around the design constraints of a project. I'm confident I'd be an ideal candidate for this position.

I can see from the job requirements that you're looking for a designer who can lead the branding of your new website. In my present role as a Graphic Design Specialist at Crash Course Designs, I lead the design, development, and execution of all communication materials, including client websites. Here are a few of my achievements:

- Designed logos and branding materials, infographics, and marketing materials for 40+ clients  
Produced eye-catching illustrations for clients in various styles using Adobe Photoshop  
Adobe Illustrator Adobe InDesign Corel Draw and Canva.
- Developed proposals for print design options that match clients' branding specifications  
I'd be excited to bring my design expertise to help launch and grow [Company Name]'s new website.

I'd be grateful for the opportunity to discuss my application further. You can reach me on +91 8801204668, +91 7386571022, or at kejc.myofficemail@gmail.com

Thank you for your Time and Consideration.  
Sincerely,  
K Emmanuel Jaya Chandra.
