

# Shalvi Joshi

## Engineering Student

### INTERNSHIPS

**Nullclass EdTech** Apr '23 - Jun '23

As a Full Stack Web Developer Intern

### EXPOSURE

- **TCS-ESG Virtual Experience Program**  
Forage
- **Internshala Student Partner Program**  
Appointed as an ISP

### CERTIFICATIONS/TRAINING

- **Cloud Computing Core Concepts** | **LinkedIn Learning** | Apr'23
- **Frontend Development Course** | **Coffee.io** | Aug'22 - Dec'22
- **Core Java Course** | **Learn Vern** | Aug'22 - Sep'22
- **Python Course** | **Learn Vern** | Apr'20 - Jun'20
- **National Level Online Quiz on Computer Science** | **89%**  
Yashoda Technical Campus Department of Computer Science |  
Feb'20
- **C Programming Course** | **Yashwantrao Chavan Maharashtra Open University, Nanded** | Julr'19 - Feb'20

### PROJECTS

**Music Recommendation System Based on Facial Emotions** Mar '23 - Jul '23

- Built a website to recommend music systems based on the user's 4 **facial expressions** like Happy, Sad, Nervous, Angry
- Created with object oriented programming language **Python** polished with frontend technologies

**Bookroom Administrator** Aug '22 - Aug '22

- Facilitated **library management system** developed using **python** where administrator keeps track of the books in the library.
- Implemented with **6** key technologies : Python class, Function, File Handling, Data and Control Structure, Looping concept etc.

**Restaurant Webpage** Apr '22 - Apr '22

- Constructed a advertising page using 2 basic languages **html**, **CSS**
- Organizing **Menu Card** of all delicious dishes: Starter, Main Course, Dessert, Cafeteria

### EDUCATION

**Bachelors in Engineering** Apr '19 - Jul '23

**M.S.Bidve Engineering College** Maharashtra

9.15/10 Grade Pointer

**HSC** Jun '17 - Feb '19

**Rajarshee Shahu College** Maharashtra

91 percentage

**SSC** Jun '16 - Mar '17

**Shrikishan Somani High School** Maharashtra

98.2 percentage

### SUMMARY

Insightful computer science student who excels at **Python**, Data structures, Front-end development. Maintaining a **8/10 CGPA** in engineering college exams. Seeking a software engineer position to utilize skills and abilities in the Information Technology Industry that offers professional growth while being hardworking, innovative, and flexible.

### KEY SKILLS

- Full-stack development • Front End Programming • Leadership • Personal projects • Technical Documentation • Data Structure • Algorithms
- OOPS • Built websites • Cloud Computing Core

### TECHNICAL SKILLS

- **Languages** : C, Python, Core Java
- **Database** : SQL , Oracle SQL, MySQL, Database management ,Test software, MongoDB
- **Front-end technologies**: CSS, HTML5, JavaScript frameworks, PHP, AngularJS , ReactJS, Web Development

### BEHAVIOURAL SKILLS

- Leadership • Communication skills • New Frameworks • Current System • New Features
- Development Teams • Creative

### HOBBIES/INTERESTS

- Classical Singing (Visharad),
- Yoga (Diploma),
- Guitar player,
- Dance, Painting, Sketching

### Languages

English(Professional), Marathi(Native), Hindi

### VOLUNTEERING EXPERIENCE

- An active member of **USR** group which arranges teaching and fun activities for school children
- Took part in "Green campus" event for planting 100+ trees
- An active **ABVP** member
