

I'm a dedicated and detail-oriented Software Tester with 2-3 years of IT industry experience. I've consistently ensured high-quality software delivery through rigorous testing and effective cross-functional collaboration. My expertise covers manual and automated testing across diverse domains and platforms. I'm eager to contribute my skills to innovative software projects.

SKILLS & TOOLS :

MANUAL TESTING- Accessibility, Analytics, Telemetry, Regression, Exploratory Testing, Test Documentation

AUTOMATION TESTING- Selenium, Opentest, Appium

MOBILE APPLICATION TESTING- iOS & Android

API TESTING- Charles Proxy, Postman

TESTING METHODOLOGIES- Agile Testing, Scrum/Kanban, TDD, BDD

DEFECT MANAGEMENT TOOLS- JIRA, ZEPHYR

PROGRAMMING AND SCRIPTING LANGUAGES- Java, SQL, JQL

CROSS-BROWSER AND CROSS-PLATFORM TESTING- Browser Stack, emulators, simulators

VERSION CONTROL- Git/Github

CONTINUOUS INTEGRATION/CONTINUOUS DEPLOYMENT (CI/CD)- Jenkins

Strong debugging, problem-solving, interpersonal and troubleshooting skills

WORK EXPERIENCE

Senior Analyst Capgemini Technology Services India Limited

05/2021 - Present

Bengaluru, India

Achievements/Tasks

- **Test Planning:** Developed comprehensive test plans that outline the scope, objectives, and test strategy for projects, ensuring alignment with project goals and requirements.
- Proficient in full software development life cycle and test cycles (Unit, Regression, Functional, Systems, Stress & Scale, Smoke & Sanity).
- **Test Case Design:** Created detailed test cases and test scripts that cover various test scenarios, including functional, regression, and edge cases, to ensure thorough test coverage.
- **Test Execution:** Conducted manual and automated testing to verify the functionality, performance, and usability of software applications, adhering to established test cases and test data.
- **Defect Identification and Tracking:** Identified and documented defects and issues using defect tracking tools like JIRA, providing clear and concise defect reports to development teams for resolution.
- Experience in Java with Selenium and Opentest frame work
- **Collaboration and Communication:** Collaborated effectively with cross-functional teams, including developers, business analysts, and project managers, to communicate testing progress, results, and project status, facilitating timely issue resolution and project delivery.
- Understanding of multi-tier web/android/iOS application architecture and deployment.

WORK EXPERIENCE

○ Projects-Capgemini Technology Services India Limited

McDonalds Global Mobile Application (GMA)

09/2021 - Present

Bengaluru/India

Achievements/Tasks

- Conducted thorough manual testing of mobile applications, identifying and documenting defects to improve software quality. Also, achieved a significant reduction in critical defects by implementing rigorous exploratory testing techniques.
- Experience with frontend automation tools like Appium, Selenium, TestNG and other leading open source tools. Experience in testing tools like Postman, Rest-Assured or other API testing tools. Experience working with Proxy tools like Charles Proxy.
- Actively contributed to the adoption of agile methodologies, participating in daily stand-ups and sprint planning sessions.
- Assisted in the onboarding and mentoring of junior testers, fostering a collaborative and knowledge-sharing environment within the team.
- Participated in test planning and strategy meetings, contributing valuable insights to optimise testing methodologies.
- Created comprehensive test documentation, including test plans, test cases, and test reports, enhancing team communication and project traceability.

EDUCATION

○ Bachelor of Engineering - Printing Technology and Graphics Communication

PVG'S College of Engineering and Technology, Pune

06/2015 - 07/2019

Pune, India

SOFT SKILLS

Attention to Detail

Problem Solving

Communication (both written and verbal)

Collaboration with Cross-Functional Teams

Time Management

Adaptability

CERTIFICATES

QET Selenium Level 1(Beginner and Intermediate level) (08/2022 - Present)
