About Me

Experienced Quality Assurance Manual Tester looking for new opportunities in the industry. With 5 years of experience in manual testing across various industries, And a good knowledge of automation testing I'm confident in my ability to bring value to any team.

Professional Experience

SAFECARE TECHNOLOGY. | Quality Analyst

2018 – Present

PROJECTS

Cortex Hospital Management Application

Role : QA Testing

Cortex Hospital Management Application is a web application fully designed and being developed for the rising needs in the health management sector to handle in-patient details, Insurance, Medical Claims etc.

Integrated Enterprise Resource Planning

Role : QA Testing

IERP software automates and integrates core business processes such as taking customer orders, scheduling operations and keeping inventory records and financial data. This software allows a company to move the products faster, process orders quicker, invoice customers more rapidly and reconcile shipments sooner.
