EDUCATION

Gayatri Vidya Parishad College
of Engineering for Women
B.Tech [C.S.E] 7.43

Sri Chaitanya Junior College
Intermediate 94.9%

Tiny Tots Public School
Tenth 9.5

SKILLS

Languages:

C, Python, Java, C++

Web technologies:

HTML, CSS, JavaScript, PHP,
MySQL, Bootstrap

Other:

Competitive Programming, Data
Structures, Algorithms

ACCOMPLISHMENTS

AIR 834 in GATE 2023 (CS)

Certified by Infosys as Software
Programmer

Completed courses on C and
Python taught by MissionRnD

Won Inter-College Code Battle
Coding competition held in
A.N.I.T.S college

STRENGTHS

Hard-working

Self-Learner

Team Player

Languages

English, Telugu, Hindi

CAREER OBJECTIVE

Seeking a challenging position in a dynamic tech company where I can utilize my strong problem-solving skills and expertise in programming to develop innovative solutions and contribute to the company's growth.

EXPERIENCE

Associate Systems Engineer at IBM

Jan'21 – Mar'22

Performed ETL Testing on Hive Database to ensure data ingestion is done as per the requirements

Developed SQL queries as part of the testing

Worked in Agile Methodology

PROJECTS

Student Result Management System

Jul'20 – Dec'20

Web Application for Administration and students of GVPCEW

Python is used to automate manual data processing of student data and HTML, CSS, JavaScript, PHP, MySQL, Bootstrap are used to build the web app

Decreased time taken to process and generate reports, increased accuracy, ensured student data is update with ease and accuracy

Placement Portal

Dec'19 – Apr'20

Web application for placement department and students of the College

Enables placement coordinators to publish placement drives data and interact with students in the discussion forum

Market Basket Analysis

Mar'19 – April'19

Developed a machine learning model that derives Association Rules among products purchased by customers

Apriori Algorithm is used to develop the model on customers data using python

COURSE WORK

Introduction to Artificial Intelligence [Coursera]

Interactivity with JavaScript [Coursera]

Advanced Styling with Responsive Design [Coursera]

Introduction to HTML5 [Coursera]

Introduction to CSS3 [Coursera]

Certified as ETL tester [Query Surge]
