ACHIEVEMENTS

Managed a team of 5 in Automating a Web
Application using Selenium (09/2019 - 10/2020)

Managed a team of 5 where in the project had to be maintained as it was growing. I was involved in Updating the framework as per the new requirements from the client and managing the scripts accordingly by scripting as well as reviewing

Currently managing a team of 8 for all core
Operations in Xactly - Includes GUI and API
Automation (11/2021 - Present)

Managing a team of 8 where I being the less experienced than other team members, understood the functionality well by playing around the application and managing the core QE team if they face any issues in Automation or functionality related issues
