ANSHU

Email: - anshuwus@gmail.com Mobile: - +91-7838134356 2 YEARS Experience: JAVA/J2EE

Objective

Seeking a position to utilize my skills and abilities in the computer science industry that offers professional growth while being resourceful, innovative and flexible.

Experience Summary

- Having 2 Years of experience in developing server-side components using J2EE technologies, Java frameworks, web services.
- Good knowledge of Object-Oriented Programming (OOP) concepts.
- Having knowledge on Java, J2EE Design Patterns (MVC, Singleton, DAO, Factory DP, Strategy DP).
- Experience in development of object-oriented business applications using Java, JDBC, Servlets, JSP, Spring, Spring Boot, Microservices.
- Knowledge of designing and developing Java/J2EE applications using Test driven development and Model driven architecture.
- Experience on Agile with JIRA.
- Able to understand and analyze the existing source code.
- Able to work collaboratively with developers, testers and other team members in developing complex functionalities in the overall development of software products.
- · Has the motivation to take independent responsibility as well as ability to contribute and be a productive team player.
- · Good team member, positive attitude and result oriented self-motivated, quick learner, willing to adapt new challenges and new technologies.

Technical Summary

- I mainly worked on Java, J2EE, Spring Data JPA, and Spring MVC.
- Experience on Micro Services
- Experience in developing Rest API.
- Experience in using **Docker.**
- Experience in using **Spring Security (Basic, JWT)**
- Experience on Oracle 11g, MySQL and Mongo DB.

- Experience in using GIT, GITLAB and Bit Bucket.
- Experience with Maven, JUnit, Log4J, Jenkin, SonarQube, POSTMAN.
- Experience with AWS, JIRA.
- Basic Knowledge of JSP, SERVLET, JDBC.
- Basic Knowledge on some of the services of AWS (S3 Bucket, IAM user, RDS, EC2 instance).
- Basic Knowledge of Angular.

Work Experience

• Currently working as Software Developer in **APSIS TECHNOLOGIES PRIVATE LIMITED** (Oct 11th, 2021, to till date).

Projects Undertaken

> IES (Integrated Eligibility System)

Description: IES is a project developed by Apsis Technologies Pvt Ltd. IES stands for Integrated Eligibility System. This project is used to determine the eligibility of the citizens who are applicable to apply the plans that are offered by the govt and the people who are approved for the applied plans will get benefit amount from the government. The main purpose of this application is to provide a fully integrated eligibility system for Rhode Island state citizens. By using IES application, Rhode Island state Government is providing health and insurance plans like SNAP (Supplemental Nutrition Assistance Program), CCAP (Child-Care Assistance Program), QHP (Qualified Health Plan), Medicaid & Medicare etc. for Rhode Island state citizen.

Technologies: JDK1.8, MAVEN, Spring Boot, Microservices, REST API, Spring Security, MySQL, Spring Data JPA, Postman, Swagger, Jenkin, Git, AWS cloud, Angular.

Roles:

- Developing **Rest APIs** for implementing business logic and integrating microservices with Java and Spring Boot.
- Integrating various Spring Boot components to build robust and scalable applications.
- Analyzing the requirements and implementation of the module.
- Developing and implementing API gateway.
- Deployment of API in AWS using Jenkin CI/CD.
- Designing and developing database schema using Spring Data JPA.
- Have involved in business logic development using spring boot.
- Implementing data access layer for applications using Spring Data JPA.
- Implementing user authentication and authorization.
- Handling exceptions in the project.

- Creating JPA Repository and implemented business logic for them.
- Designing and developing cloud-based applications using AWS cloud.
- Conducting daily SCRUM calls to ensure efficient project progress and identify any roadblocks.

Qualification

- 10th passed from CBSE (2016)
- 12th passed from CBSE (2018)
- Bachelor of Commerce (B.com) from University of Delhi (DU) with 63% marks (Passing Year 2021).
- Master of Computer Application (MCA) from Mangalayatan University (Pursuing Distance Learning Year 2022)

Personal details

Father's Name : Sh. Budh Ram Verma

Date of Birth : 23rd April 2000

Sex : Female

Languages Known : Hindi, English

Marital Status : Single

Date: Signature
