Seeking a position to utilize my skills and abilities in the Information Technology that offers professional growth while being resourceful, innovative and flexible

MY STRENGTH

- ➢ Problem Solving Skills
- ➢ Team Worker
- ➢ Ability to work and take initiative
- ➢ Optimistic

EDUCATION QUALIFICATION

- ➢ **MCA**, S.P.College, Chandrapur
   Appeared
   Individual Semester SGPA (out of 10):

Semester	Sem 3	Sem 4	Sem 5	Sem 6
Pointer	5.84	6.96	5.68	Appeared

- ➢ **B.Sc. (Computer Science)**, S.P.College, Chandrapur Aggregate: - 4.00 pointer (55.83%)
   Individual Semester SGPA (out of 6):

Semester	Sem 1	Sem 2	Sem 3	Sem 4	Sem 5	Sem 6
Pointer	2.80	3.12	3.67	2.67	4.00	4.00

➢ **12th**, Z.P. Jubilee Junior College, Chandrapur
NAGPUR DIVISIONAL BOARD, February 2013
Percentage : 42.67%

➢ **10th**, City Kanya Vidyalaya, Chandrapur
NAGPUR DIVISIONAL BOARD, March 2011
Percentage : 69.80%

PROJECT

Title : Project Reservation an allotment

Detail about Project :

Every year there are lot of projects are carried out by the students of a single college. It is very difficult for the computer department to maintain the database of the project title and its description like technology, front end, back end, guide etc.

We come with an idea of "Project Library and Management System" software to maintain the data of project of the students and their details.

Here, we enter the title of the project and enter the back end and front end if it was already done / carried out by the previous batch then our system will show previous project details and won't allow us to move further. It will allow only when we change the technology.

Once the details of the project are saved then it is easy to find the title so that it can't be repeated. We can search the tabular data according to Session wise, technology, Guide, Class Etc.

This software will decrease the time, duplication of software etc. It will eliminate all the manual intervention and increase the speed of whole process. System will allow student to check the availability of projects in different languages, system has inbuilt validation system to validate the entered data. After successful submission, system will give unique registration no for each student.

The faculty incharge can enter the titles of the project so that it will be available for the students.

TECHNICAL SKILL

➢ Programming Language : C, C++, Java, HTML
➢ Database : Oracle, MySQL
➢ Operating System : Windows XP/ 07/ 08/ 10

- ➢ General Office Software : Microsoft Office Suite (Word, Excel, PowerPoint)

AREA OF INTEREST
