Work Undertaken that Best Illustrates Capability to Handle the Tasks Assigned

Experience in IT Projects

Name of assignment or Project: MERI—YATRA Train booking portal

Year: SEPT 2020-SEPT 2021

Location: New Delhi, India

Client: IRCTC, CRPF

Main project features: This is an initiative between CRPF and IRCTC to ease Bookings for travel of Jawans to their job destinations. This portal gives a single window approval and booking interface to the Bookers and the Approvers. There are separate logins for the bookers and their Approvers based on the units they belong to. Once the respective users (Bookers, Approvers, Reporting Agents etc.) log in, they would be able to request for booking, approve the request, modify the date of journey and finally book the tickets. The portal also provides a single window for adjusting the date of joining (with approval) and cancel bookings.

Position held: JAVA developer.

Activities Performed:
- **UI designing (HTML /JAVA SCRIPT /jQuery)**
- **Responsive front end**
- **REST -API creation**
- **Data base maintenance -CURD operations**

Name of assignment or Project: Toppers education for Rajasthan rozgar app

Year: 2020 April– 2020 AUG

Location: New Delhi, India

Client: Rajasthan education Centre

Main project features: At Toppers, students are at the centre of our universe. We believe that every student is different and has different learning needs. We work relentlessly to solve student problems using advanced technology and help them learn better.

Position held: Software developer.

Activities Performed:
- **Android Activity creation**
- **Responsive front end**
- **Data base maintenance -CURD operations**
- **Firebase**
- **Spring Boot**
