Experience

Company : Accenture

Client : Google

Designation: Program, Project & Service Management Associate (PPSM)

4 yrs 8 months of experience in (MDM) Cloud Data Operations in Google.

Roles & Responsibilities

PROJECT HANDLED

• Project Name: Google Cloud Data Operations.

• Client: Google India.

• Tool: Informatica, Reltio, Salesforce Vector.

• Role: Data Steward

Description: Google Cloud is a CRM platform in which firmographic information of the companies are gathered through client approved data sources like LinkedIn, Avention, Zoominfo, Crunchbase and Bloomberg. Our team supports Google sales representatives in maintaining their salesforce accounts.

Responsibilities:

• Processing tickets, work Allocation and maintaining various report trackers

• Working as an SME supporting the team of 70 members

 • Working as a Quality Analyst for the team. (Quality Analysis)

• Creation and maintenance of customer data

 • Identifying data quality metrics and execute data quality audits to benchmark the state of data quality.

• In addition to manual enrichment, we validate low-confidence Dun & Bradstreet record matches and provide manual fixes to migrate on data defects.

• To make sure the information provided to the sales representatives is flawless, accurate and most recent.

• To report the sales team on adhoc emails with the required information

. • Design and conduct moderately complex analysis to identify and remediate data quality or integrity issues and to identify and remediate process or control gaps

• Working with departments on improving database functionality to improve data entry and reporting issues

• Adhere to data governance standards and procedures

• Validating the company hierarchies against the third-party tools like DnB and Avention, suggesting the corrections to the third party where ever the data is not in sync with real world company profile

• Continuously met departmental standards for speed and accuracy, thereby saving time and duplicating efforts.

• Operated tools such as Salesforce, Reltio, Bugnaizer, Vector, Informatica and Customer

Main.

Accomplishments

· Awarded with STAR OF BUSINESS for the financial year Q4 FY'19.

· Awarded as a Team Player for achieving high Quality, Production Hours, Productivity

(Metrics).
