PERSONAL PROJECTS

Yatta Sports
- I developed the front-end design for a mobile application using React Native during my internship.

IcBuddy
- I developed the front-end design for a web and mobile application timeline created for internal use in my office. The project was implemented using Ionic React.

Akashayapatra (04/2023 - Present)
- I am currently working in Akshaya Patra, where I am responsible for front-end design using Material UI and API interaction through Axios in React.js

WORK EXPERIENCE

I completed my 6-month internship and received an offer from Infocareer as a Software Developer. I have actively participated in numerous demos and trial runs with clients, demonstrating strong English communication skills**.**
