SUMMARY

Dedicated and passionate Java Developer with 4 years of experience in designing and developing efficient software solutions. Proficient in Java, Spring Framework, Apache Struts, and API development. Committed to consistently delivering high-quality code within project timelines. Motivated to apply technical and analytical skills to contribute to the success of organizations.

EXPERIENCE

miniOrange

Sr. Software Engineer

📅 August 2019 – Present   📍 Pune

- Developed Identity and Access Management solutions like SSO (SAML, OAuth), 2FA, and User Provisioning for Atlassian Apps (like Jira, Confluence, etc) in Spring and Struts frameworks using Java and Atlassian APIs.
- Collaborated with multiple customers to gather requirements and developed tailored features to meet their specific needs.
- Currently working as a development lead for the 2FA products for Atlassian apps.

PROJECTS

Two factor Authentication for Atlassian apps

Technology Used: Java Spring, JavaScript, Atlassian APIs, Velocity Templates

- Designed and developed a Two Factor Authentication module in Java Spring Framework using Atlassian APIs for Jira, Confluence, etc.
- Implemented support for authentication methods like TOTP, OTP over SMS, OTP over Email, etc.
- Optimized performance by improving the data storage using Active Objects, an ORM layer in Atlassian Products.

SSO application for Jira Portal-Only customers

Technology Used: SpringBoot, JavaScript, Atlassian Connect Java Framework, Atlassian APIs

- Contributed to the development of an Atlassian Connect Spring Boot application for providing Single sign-on functionality in the Jira Cloud Service Management platform.
- Created middleware APIs to handle the flow between end users and Jira Cloud backend.
- Implemented the solution using a microservices architecture to enable independent deployment, easier scaling, and enhanced fault isolation.
- Improved application performance through design changes and code optimization techniques.

EDUCATION

B.Tech in Information Technology
College of Engineering, Pune (COEP)

📅 Passing Year : 2019   CGPA : 8.52

Class XII
Vasantrao Naik Jr College, Aurangabad

📅 Passing Year : 2015   91.1%

Class X
Jawahar Navodaya Vidyalaya, Parbhani

📅 Passing Year : 2013   97.4%

SKILLS

Programming Languages

Core Java Java EE C/C++ SQL JavaScript HTML CSS

Frameworks / Libraries

Spring Spring Boot Spring MVC Hibernate Apache Struts

Miscellaneous Technologies/ Tools

AJAX RESTful APIs JSON/XML Maven Git Microservices BitBucket JUnit IntelliJ Atlassian

CERTIFICATIONS

- Certified course in Core Java and Advanced Java from SEED Academy, Pune.

ACHIEVEMENTS

- Runner up in SWE coding competition in COEP (2017).
- National Player of Chess (2008 and 2013).
- National Player of Kabaddi (2009).
