Academic Project:-

1.Bsc. Computer Science:- Inventory Management System **(Krushidhan Agrotech)**

- ❖ **Description**: - This project is aimed at developing an online Sales and Inventory Management System (SIMS) for a departmental store. This system can be used to store the details of the inventory, update the inventory based on the sale details, produce receipts for sales, generate sales and inventory reports periodically etc. This is one integrated system that contains both the user component (used by salespersons, sales managers inventory managers etc.) and the admin component (used by the administrators for performing admin level functions such as adding new items to the inventory, changing the price of an item etc.)

   Environment: - MS Access, HTML, CSS, Java script, Windows XP

2. MSc. Computer Science :- Online Voting System

- ❖ **Description :-** Online voting system project is implemented in Asp.Net platform using MySQL database as back end. Main aim of online voting system is to develop an online application like online reservation system, for citizens who are above 18 years of age to vote through online. Using these system citizens of India can vote through online without visiting polling booth.

   Environment : - ASP.Net, C#, Web Forms, Visual Studio.Net 2010, SQL Server, ADO. Net, HTML, CSS, Windows XP

Software Exposure: -

- **Packages** : MS –Office 2003, 07, 10,13, Application Software, System Software.
