SUMMARY

Experienced Software Engineer with a 3-year track record in the banking and finance domain, dedicated to fostering collaboration and delivering impactful solutions across diverse domains.

- **Languages:** Python, SQL, Java, HTML/CSS.
- **Technologies / Frameworks:** Spring Framework, Angular.
- **Tools/Platforms:** Power BI, Microsoft SQL Server, Excel, Git, JIRA, Confluence.

WORK EXPERIENCE

Senior Software Engineer | LTIMindtree
Jul 2023 - Ongoing

- **Enhanced client relationships and gathered valuable data insights** using Power BI to facilitate well-informed business discussions.
- Reduced **reporting time by 25%** by optimizing Power BI dashboard development.
- Drove a **35% improvement in insights** through impactful Power BI visualizations.
- Ensured **95% project release success** via critical production support and cross-functional collaboration.
- Achieved a **20% increase in application performance** by leading a cross-functional team to identify and resolve critical system bottlenecks.

Software Engineer | LTIMindtree
Aug 2021 - Jul 2023

- Optimized project execution, **reducing development time by 20%** with detailed BRD and FSD documents.
- Simplified migration, **reducing complexity by 30%** through efficient code refactoring & client engagement.
- **Improved product quality** with a 15% reduction in testing time, through collaborative automation efforts with the QA team.
- Drove modernization of legacy code**, cutting maintenance efforts by 40%** from Motif to Java through in-depth analysis and refactoring.
- Empowered junior team members, fostering their growth and contributing to overall team success.
- **Reduced system downtime by 20%** through implementation of performance monitoring tools.

Graduate Engineer Trainee | LTIMindtree
Aug 2020 - Aug 2021

- Enhanced data-driven decisions with a **25% improvement in data quality** through efficient SQL optimization and rigorous validation.
- Improved application reliability with a **25% defect reduction** via rigorous JUnit testing and collaboration.
- Optimized SQL queries, **cut extraction time by 30%** for processing 10,000+ daily records.
- Streamlined data migration process**, cutting errors by 30%** through thorough planning and execution.

EDUCATION

ALT IIT - *Product Management and Consulting School*
June 2023 - Ongoing

University of Mumbai, Mumbai, India
Aug 2016 - Aug 2020

Bachelor Of Engineering in Information Technology
CGPA - 8.24 / 10.0

- General Administrator - TEDxCRCE

CERTIFICATIONS

- Power BI Data Analyst Associate from **Microsoft**.
- **BCG** Strategy Consulting Virtual Experience Program.
- Product Analytics Certification from **Pendo**. *(Ongoing)*

PROJECT

RadixVision - An AI-Powered Radiology Solution that revolutionizes diagnostic accuracy, reduces delays, and ensures timely, precise patient care. - *(Product Management and Strategy)*

- Advancing extensive **PRDs**, launch plans, designs, and detailed **GTM strategy**. (link)

AWARD

LTIMindtree Recognition Award

- Awarded for exceptional work, fostering trust among colleagues and superiors.
