Contact No: 7997145775

Objective

1.3 year experienced Java Developer Passionate about crafting clean and maintainable code. Seeking a dynamic team where I can contribute my skills in Java, Spring, and Hibernate to develop Innovative solutions and grow as a professional.

Technical Skills

Java, Java Frameworks (Spring, Hibernate), Maven, REST API, MySQL, Post Man, Tortoise Git, Git Hub, Scrum Master(Agile Methodologies) JSON,   Connectivity (MySQL ,JPA,JDBC).

Professional Experience

Java Developer

Fast Collab Systems Pvt Limited, Hyderabad (Sep 2022 to Jan 2023)

- Collaborated with a team of developers to design and implement Java-based web applications using the Spring Boot and Rest API.
- Worked on various aspects of Java application development, including coding, debugging, and testing.
- Participated in Agile development processes, including daily stand-up meetings and sprint planning sessions.
- Integrated Spring Data JPA for seamless interaction with the relational database, optimizing data access and reducing boilerplate code.
- Implemented "Invoice Xray PDF" for obtaining booking invoices.
- Collaborated closely with the testing team to identify and resolve bugs and ensure the system's reliability.
- Utilized the Spring Framework, including Spring Boot, Spring MVC for building a scalable and secure web application.
- Developed RESTful APIs Using Spring MVC to facilitate communication between the Front-End and Back-End systems, achieving efficient data exchange.
- Integrated Hibernate with MYSQL for database interactions, simplifying data access and reducing SQL boilerplate Code.
- Configured Hibernate entity mappings using JPA annotations, ensuring a clear and consistent mapping between Java objects and database tables.
- Good Knowledge on AWS. Defect fixes and closure using JIRA.

- Worked on EPS tickets with issues related on booking process unable to process advance seat request, Baggage Details fare rules and many such scenarios where I was able to learn setting up entity class, DTO, DAO class, Spring JDBC.

Junior Software Engineer

Infosys Pvt Limited, Hyderabad (Sep 2021 to July 2022)

- Led the development of a sophisticated flight booking platform using AngularJS for the Front-End and Java with Spring Boot for the Back-End.
- The Product is Wonder Lust as a Service platform a flight Booking Tool for Domestic Travel Agents Which includes service Type like Hotel.
- Participated in Agile development processes, including daily stand-up meetings and sprint planning sessions.
- Conducted code reviews, identified and resolved bugs, and optimized application performance.
- Implemented client-side form validation and data binding using AngularJS to ensure data accuracy and consistency.
- Integrated AngularJS with the Spring Bot back-end through RESTful API calls to retrieve and display real-time product information and user data.
- Implemented client-side routing in AngularJS for smooth navigation and user-friendly URLs.
- Worked on Api's, Eclipse Ide and Tomcat server , Postman. Created Components , Html, CSS and JavaScript.

Academic Qualification

- MCA From Manpower Development College (Osmania University), Hyderabad with 67%(6.7 CGPA).
- B.COM(COMPUTERS) From Sri Sarada Degree College (Osmania University), Hyderabad with 60%(60.61 CGPA).

Academic Projects

- **Project name:** "Normalization of Duplicate records from multiple sources"
- **Technology:** Core Java

  Operating system: Windows XP

  Project Description: The Admin has to login by using valid user name and password. After login successful he can do some operations such as View All End Users and Authorize, View All Uploaded Publications, View All Duplicated Publication Records, View All Normalized Publication Records

, View All Uploaded Bookmarks, View All Bookmark Search History, View All Publication Search History, View Bookmark Frequency Ranking, View Publication Frequency Ranking, View Rank on Bookmark in

Personal Strength

- Have strong technical programming skills

- Good at taking up technical projects and complete within stipulated time.

- Good at learning new Tools which enhances the technical knowledge like Visual Studio Code, Eclipse IDE, Tortoise Git, Postman and Notepad++.

- Positive Thinking.

- Open to any challenging work.

- Good learner by observation.

Personal Information

Name	:	HARI CHANDANA G
Father's Name	:	KUMAR SAI KRISHNA G
Date Of Birth	:	22-06-1997
Gender	:	Female
Mother Tongue	:	Telugu
Languages Known	:	English, Telugu and Hindi
Nationality	:	Indian

Declaration

I, G HARI CHANDANA hereby declare that all the information provided furnished above is complete and correct to the best of my knowledge.

Thanks & Regards

G Harichandana
