SKILLS

JAVA FULL STACK	SQL
MYSQL	PROBLEM SOLVING
GOOD COMMUNICATION	TECHINICAL SKILLS
WEB DEVELOPMENT APPLICATION	HTML
CSS	JAVASCRIPT
MOBILE APPLICATION DEVELOPMENT	FLUTTER
PYTHON	JSON
SPRINGS	SPRINGBOOT
JDBC	HIBERNATE
C,C++	C#
AWS	APIs
MICROSERVICES	LINUX
UNIX	

INTERESTS

Devotional music	playing chess
Trip to Temples	Reading story books

LANGUAGES

ENGLISH 100	HINDI 100
KANNADA 100	MARATHI 100

AWARDS

Mr FRESHER (August 08, 2020)
prof.shiva kamlekar

1ST RANK IN CHESS GAME (August 08, 2021)
Prof.ganesh

CERTIFICATIONS

JAVA FULL STACK DEVELOPER (February 01, 2023)
JSPIDERS INSTITUTE OF TECHNOLOGY

PYTHON DJANGO (August 08, 2021)
TAKE IT SMART

SUMMARY As a software fresher with 10 months of Python and Java full-stack internship experience, I've acquired essential programming skills. I've developed, tested, and maintained both front-end and back-end aspects of applications,Having a comprehensive understanding of software development lifecycles. From crafting user interfaces to developing server-side logic, I've tackled numerous aspects of software production,And also collaborated within a team setting, enhancing problem-solving, debugging, and code-review abilities. This diverse skillset positions me to effectively contribute to any software development role, making me a valuable asset in a tech-driven workplace

WORK EXPERIENCE

TAKE IT SMART PRIVATE LIMITED
(January 04, 2021 - August 08, 2021)
FULL STACK WEB DEVELOPER INTERN

As a fresher intern with full-stack developer experience, I've gained practical skills in front-end and back-end technologies, with exposure to various stages of software development. This includes designing user interfaces, developing server-side logic using languages like Python and Java, and handling databases. My involvement in diverse projects has honed My problem-solving skills, while experience in code reviews and debugging has improved My attention to detail. Collaborative teamwork during your internship has fostered strong communication skills, preparing me to seamlessly integrate into a professional development team. This robust skill set positions me as a promising candidate in the tech industry.

JSPIDERS TRAINING INSTITUTE OF TECHNOLOGY
(August 04, 2022 - March 03, 2023)
Trainee

As a fresher trainee in full-stack development, I've amassed hands-on experience across the software development spectrum. Learning and applying languages like Java and Python, I've crafted user interfaces, developed server-side applications, and managed databases. my experience spans the entire software life cycle, from design to testing and maintenance. By solving diverse problems, my critical thinking skills have strengthened. Collaborating within a team setting has improved your communication and teamwork abilities. Regularly participating in code reviews and debugging exercises has enhanced your proficiency and attention to detail. This rich learning experience equips me as a competent asset for any software development team.

EDUCATION

GURU NANAK DEV ENGINEERING COLLEGE
(August 02, 2018 - July 30, 2022)
7.5
B.E, COMPUTER SCIENCE AND ENGINEERING

As a Computer Science and Engineering (CSE) student, I've gained a solid foundation in algorithmic thinking, data structures, and computer architecture. Studying core subjects like Operating Systems, Database Management Systems, and Networks has given a comprehensive understanding of how software and hardware interact. Coding in languages like Python, Java, and C++ has honed your problem-solving skills and made you adept at creating efficient software solutions. Moreover, my exposure to emerging fields like AI, Machine Learning, and Cloud Computing has equipped me to stay at the forefront of technological innovation. This diverse knowledge base readies you for various tech roles

PROJECTS

MS EXCEL SHEET AS DATABASE FOR WEB APPLICATION
This project deals with COVID-19 cases in INDIA and it includes the data of number of death cases,number of active cases,and number of recovered casestook place during pandamic year from 2019-2021

ONLINE VECHILE RESERVATION APPLICATION
The online vehicle reservation application enables users to book vehicles remotely with ease. It offers an intuitive interface where users can select, reserve, and pay for their desired vehicles, be it cars, bikes, or vans. The app features real-time availability, detailed vehicle information, secure payment methods, and 24/7 customer service. Its convenience and efficiency make transportation planning simpler, saving users time and effort.

SMART CAP [PROTECTION FROM VIRUS]
r,Durng the phase of covid-19 one of the major reason for spreading of this virus was people coming in contact with contaminated surface and touching their face unnecessarily.So in order to avoid the same we came up with model "Smart Cap".
