As a developer I have the capability to stay up to date with the latest Java technologies, frameworks and best practices.

EDUCATION

Jawaharlal Nehru technological University

B.Tech(ECE)

Passing Year - **2020**

Grades : **72.4**

Sai Vikas junior College

Board of Intermediate Education

Passing Year - **2016**

Grades : **85.6**

PROJECTS

Noknok project

I was in one US project in persistent systems. This project is related to security domain mainly biometric registration and authentication. Technologies in that project are mainly Java and Guice framework, front-end technologies are html, javascript and jQuery. I worked in that project mostly on defects which was assigned to me in Jira. I learned Java code Debugging through Eclipse and hitting the Rest Api's and RestENdpoint debugging and fixed some defects. Also got exposure of postman tool, Eclipse and Google instance. I have exposure of MySQL and postgres DB.

CERTIFICATION

Microsoft Azure AZ-900

Software AG certified ARIS process mining professional
