💼 EXPERIENCE

Android Application Developer | Incomparablesoft pvt ltd.

MAR 2023 – JUL 2023

I joined as an intern and completed a 5-month internship. During this time, I worked on designing the UI for a Quiz App using frontend XML and implemented the backend using Java, as suggested by my mentor.

Android Application Developer | Chetu India pvt ltd.

DEC 2022 – FEB 2023

I began my journey as a Trainee and successfully completed a 3-month training program focused on Android development, Kotlin programming, and design principles. During this training, I undertook projects recommended by my trainer. These projects involved working with offline databases such as SQLite and Room Database, implementing features using RecyclerView, fetching data from servers using APIs, and integrating Firebase services.
