Skills:

- Knowledge of Power BI

Digital Hack Zone:

1. **Project Name**: GUI based Application to perform mathematical calculations
   Technology: Java Programming
   Description:
   This project used to perform mathematical calculations just like calculator.
   - Proficient in Java programming language
   - Strong understanding of object-oriented programming (OOP) concepts
   - Knowledge of Java frameworks such as Springboot.
   - Familiarity with web development technologies including HTML, CSS, and JavaScript
   - Database management using SQL and JDBC
   - Excellent problem-solving and debugging skills
   - Strong verbal and written communication abilities

2. **Project Name**: Chat Messenger
   Technology: Java Programming
   Description:
   By using socket programming concept client-server connection established to send and receive the messages.

- Designed and implemented RESTful web services using Java and Spring Boot
- Worked closely with clients to gather requirements and provide technical solutions
- Created and maintained database schemas and wrote complex SQL queries

- Collaborated with the QA team to ensure the delivery of high-quality software
- Conducted performance testing and resolved bottlenecks for scalable applications
- Assisted in the deployment and production support of Java applications

Personal Information:

- **Date of Birth:** 25 June 1996
- **Father's Name:** Shailesh D. Mandale
- **Marital Status:** Married
- **Nationality:** Indian

The above-mentioned Information is authentic to the best of my Knowledge.

Aishwarya S. Kothmire
