22nd March 2021 - present

Product Name - BoldSign

BoldSign is an **e-signature platform** offering a cloud app and a native.NET SDK that can be embedded directly into companies' applications for sending, signing, and tracking contracts. Electronic signature software helps businesses send documents, track progress on contracts, and authenticate signers. Get your contracts signed online with BoldSign, track their progress with our easy-to-use app, or embed the entire workflow into your app using our API.
